FEMA REGION 6 RRCC REGIONAL SUPPORT PLAN (RSP)

REGIONAL ADMINISTRATOR'S PRIORITIES

1. Support life-saving and life-sustaining operations.
2. Account for the safety of all FEMA R6 staff.
3. Be proactive and anticipate impacts, resource requirements, and data requests.
4. Establish and maintain communication with the states and federal response teams for accurate situational awareness.
5. Review and be prepared to implement hurricane evacuation plans in anticipation of future Gulf Coast threats as early as H-120.
6. Continue to identify, report, and address resource shortfalls in support of Harvey and future Gulf Coast threats.

CRITICAL INFORMATION REQUIREMENTS

**Validate and notify the RA and DRA*

1. Request for federal declaration.
2. Report on injury, death or the arrest of any FEMA staff.
3. Any federal support requests for evacuation (general population or medical).
4. Damage to/operating status of critical infrastructure which will result in any request for federal assistance.
5. Failures of any federal/state/private sector flood control system which could result in property destruction or loss of life.
6. Direct inquiry from a member of Congress (member, not staff).

ESSENTIAL ELEMENTS of INFORMATION

- Projected path/timeline and intensity of Hurricane Irma and other Tropical disturbances potentially threatening Louisiana.
- Anticipated flood inundation from projected rainfall and storm surge and risks to vulnerable water management structures (e.g. New Orleans pumps and other levees and dams).
- Major changes to state/tribal or federal capabilities that would adversely affect response/recovery operations.
- Pre-incident and incident response actions taken by state/tribal and federal governments (e.g. state declaration).

FUTURE CONSIDERATIONS and KEY LEADERSHIP DECISIONS (KLD)

1. Potential Continuity of Operations (COOP) or Devolution concerns for Louisiana JFO/LRO operations.
2. Confirm deployment of FEMA Region 6 R-IMAT 3 to Louisiana SEOC on 6 Sept.
3. Staffing shortfalls for Incident Support Base (ISB) / Federal Staging Area (FSA) management.
4. Anticipate resource adjudication/reallocation impacting ongoing disaster operations in FEMA Region 6 area of responsibility.

FEMA REGION 6 RRCC REGIONAL SUPPORT PLAN (RSP)

RRCC SUPPORT OBJECTIVES

- 1. Continue to maintain Situational Awareness of Hurricane Irma and other potential threats in the Atlantic for potential impacts to FEMA Region 6 area of responsibility.**
 - Monitor ongoing Hurricane Irma Crisis Action Planning calls between FEMA NRCC and Regions 2, 3, and 4 for resource adjudication/reallocation impacting ongoing disaster operations.
- 2. Posture resources (people, teams, equipment, and commodities) to rapidly support any disaster operations necessary in Louisiana if impacted by Hurricane Irma or other potential threats in the Atlantic.**
 - Identify members to form a contingent Type 3 R-IMAT 3 and develop plan to mobilize to Louisiana (refer to KLD #1).
 - Confirm inventory of what commodities remain pre-staged and develop a modified concept of support for additional resources.
- 3. Continue to monitor restoration status of Critical Infrastructure sectors impacted by Hurricane Harvey and identify potential impacts on disaster operations in Louisiana.**
 - Local fuel shortages due to overdemand combined with status of restoration of Gulf Coastal region ports and oil/gas facilities/systems.
- 4. Continue to support FEMA-4332-DR-TX as necessary until transition of functions/tasks from RRCC to JFO, effective 1600 CDT, 8 Sept.**
